

Fish Passage Center

Columbia Basin Fish and Wildlife Authority

**Annual Report
1990**

DOE/BP-38906-19

May 1991

This Document should be cited as follows:

DeHart, Michele, "Fish Passage Center; Columbia Basin Fish and Wildlife Authority ", 1990 Annual Report, Project No. 198712700, 6 e-pages in TOC file, (BPA Report DOE/BP-38906-19)

Bonneville Power Administration
P.O. Box 3621
Portland, OR 97208

This report was funded by the Bonneville Power Administration (BPA), U.S. Department of Energy, as part of BPA's program to protect, mitigate, and enhance fish and wildlife affected by the development and operation of hydroelectric facilities on the Columbia River and its tributaries. The views in this report are the author's and do not necessarily represent the views of BPA.

FISH PASSAGE CENTER
ANNUAL REPORT
1990

This report responds to the Fish Passage Center annual reporting requirements to the Northwest Power Planning Council under its Columbia River Basin Fish and Wildlife Program, and the annual reporting requirements to the Bonneville Power Administration under its funding contracts which supported this work.

BPA PROJECT NO. 87-127

Michele DeHart
Fish Passage Center Manager

FISH PASSAGE CENTER
of the
Columbia Basin Fish & Wildlife Authority
2501 S.W. First Ave., Suite 230
Portland, Oregon 97201-4752

May, 1991

TABLE OF CONTENTS

	<u>Page</u>
List of Figures	iv
List of Tables	v
Acknowledgments	vi
Executive Summary	vii
I. INTRODUCTION	1
II. 1990 WATER BUDGET FLOW AUGMENTATION	2
A. The 1990 Water Budget Coordinated Plan of Operation (CPO)	2
1. Negotiating the 1990 Water Budget CPO	3
2. The Final 1990 Water Budget CPO	5
B. 1990 Runoff	5
1. Runoff Volumes	6
2. Runoff Forecasts	6
C. 1990 Water Budget Implementation Chronology	10
Week 1: April 16 - 22	10
Week 2: April 23 - 29	13
Week 3: April 30 - May 6	18
Week 4: May 7 - May 13	20
Week 5: May 14 - May 20	22
Week 6: May 21 - May 28	24
Week 7: May 29 - June 3	26
Week 8: June 4 - June 10	28
Week 9: June 11 - June 15	30
III. 1990 SPILL IMPLEMENTATION	32
A. Spill Planning	32
B. Spill Implementation	33
1. Spill at Lower Monumental Dam	33
2. Spill at Ice Harbor Dam	35
3. Spill at John Day Dam	36
4. Spill at The Dalles Dam	38
5. Spill at Bonneville Dam	41
C. Summary	42
IV. 1990 SMOLT MONITORING PROGRAM	44
A. Passage Indices	44
B. Migration Timing	50
C. Travel Time	55
V. 1990 HATCHERY RELEASES	72
VI. 1990 ADULT FISH PASSAGE	74
VII. CITED REFERENCES	77
APPENDIX A: 1990 Water Budget Coordinated Plan of Operation	A-1
APPENDIX B & C:	Omitted
APPENDIX D: Confidence Intervals for 1990 Passage Indices	D-1
APPENDIX E: 1990 Smolt Migration Timing Plots	E-1
APPENDIX F: 1990 Migration Timing Plots for Marked Smolts of Hatchery Origin	F-1
APPENDIX G: Detailed Travel Time Tables	G-1
APPENDIX H: 1990 Migration Timing Plots and Smoltification Development (ATPase) Plots	H-1
APPENDIX I: 1990 Columbia River Hatchery Releases	I-1
APPENDIX J: 1990 Brand Releases	J-1
APPENDIX K: Comments on Draft Annual Report & FPC Responses	K-1

FIGURES

	<u>Page</u>
1. 1990 Forecasted and observed runoff volumes, and the 25-year average, in the mid-Columbia, Snake, and lower Columbia River reaches	9
2. 1990 Reservoir elevations and Water Budget use days	12
3. 1990 Smolt indices, flows, and Water Budget use days	14
4. 1990 River temperatures at key hydroelectric projects	15
5. Daily average flow (DAF) and spill at Lower Monumental Dam compared to 35% of DAF	34
6. Daily average flow (DAF) and spill at Ice Harbor Dam compared to 12.5% of DAF	36
7. Daily average flow (DAF) and spill at John Day Dam compared to 8.33% of DAF	37
8. Daily average flow (DAF) and spill at The Dalles Dam compared to 10% (spring) and 5% (summer) of DAF	40
9. Daily average flow (DAF) and spill at Bonneville Dam compared to 49% (spring) and 44% (summer) of DAF	41
10. Comparison of average ATPase level of yearling chinook arriving at Clearwater and Snake River traps, and estimated median travel time from there to Lower Granite Dam, 1990	59
11. Median travel time to flow relations for yearling chinook and steelhead (marked at Idaho traps) in the Lower Granite reservoir index reach, 1990	61
12. Comparison of average ATPase level of steelhead arriving at the Snake River trap, and estimated median travel time from there to Lower Granite Dam, 1990	62
13. Comparison of the "at time of marking" fork lengths between released Dworshak Hatchery steelhead and those individuals recovered at Lower Granite Dam for the hatchery's three water systems, 1990	64
14. Median travel time to flow relations for yearling chinook (marked at Idaho traps) in the Lower Granite to McNary Dam index reach, 1990	66
15. Comparison of average ATPase level of yearling chinook arriving at Rock Island Dam, and estimated median travel time from there to McNary Dam, 1990	68
16. Comparison of average ATPase level of steelhead arriving at Rock Island Dam, and estimated median travel time from there to McNary Dam, 1990	69
17. Passage of adult salmonids at Bonneville Dam 1980-1990	76
18. Passage of adult upriver bright fall chinook at McNary Dam, and escapement of adult tule fall chinook to Spring Creek Hatchery, 1980-1990	76

TABLES

	<u>Page</u>
1. January-July runoff comparisons	6
2. 1990 Forecasted vs. average (1961-85) January-July runoff	7
3. 1990 Observed vs. average (1961-85) monthly precipitation	7
4. 1990 Mid-Columbia Water Budget accounting and control point streamflows	16
5. 1990 Snake River Water Budget accounting	22
6. Gas bubble incidence observed on salmon and steelhead from May 31 - June 6, 1990	39
7. Seasonal totals of flow, spill, and spill due to overgeneration	43
8. Smolt monitoring sites for 1990	45
9. 1990 and historical annual passage indices for juvenile salmonids at key monitoring sites	46
10. Hatchery and wild steelhead passage indices for 1990 compared to 1989 at key monitoring sites	48
11. 1990 and historical passage dates for juvenile salmonids at key monitoring sites.	52
12. Hatchery and wild steelhead passage dates for 1990 compared to 1989 at key monitoring sites	54
13. Average travel time from Snake River and Clearwater River traps to Lower Granite Dam, 1990, stratified by 20-kcfs flow intervals	57
14. Travel time of marked fish in key index reaches, 1990	65
15. Summary of hatchery releases by species and release area for 1989 and 1990	73
16. A Comparison of Columbia River adult fish counts at Bonneville, McNary, Ice Harbor and Priest Rapids dams for calendar years 1989 and 1990, and the 10-Year Average (1980-1990)	75
