

Fish Alternatives for Federal Dams

**Option 1:
Drawdown**
(Fish Funding Alternatives 7 - 13)

Immediate drawdown of one or more dams

Increased power flexibility through dry year exclusion

\$ (existing program) for Hydro, Harvest, Habitat, and Hatcheries

**Option 2:
Conditional Drawdown**

No drawdown for 10 years

Future drawdown dependent on certain conditions

Current dam operations plus \$ for Hydro, Harvest, Habitat, and Hatcheries

**Option 3:
Aggressive Measures**
(Fish Funding Alternatives 1 - 6)

No drawdown

Current dam operations plus \$ for Hydro, Harvest, Habitat, and Hatcheries

All Options: Resident Fish Protections, Hanford and Lower Columbia Spawning and Rearing Flows, Specific Dam Performance Standards, Existing F&W Program (wildlife, anadromous, and resident fish), Green Marketing and Financial Arrangements
